APRIL IS NATIONAL CU YOUTH MONTH!

April is National Credit Union Youth Month, the time each year when credit unions teach and encourage kids to develop strong financial habits! At GPOFCU, we offer various tools to help your child succeed:

- 1. SUPER SAVERS YOUTH ACCOUNT:** When you dream big, big things can happen! It's time to empower our kids to save for their future and propel them forward. Take advantage of free teen/collegiate checking, student loans, free financial insight, and Apple Pay and Google Pay. To open an account, schedule an appointment.
- 2. STUDENT LOANS BY SALLIE MAE®:** Get the money you need to help you make higher education happen with student loans for GPOFCU members by Sallie Mae®. Whether you're an undergraduate student, graduate student, or parent helping a student pay for school at a degree-granting institution, these flexible loans are designed to meet your needs. We offer competitive variable and fixed interest rates, no origination fee or prepayment penalty, and multiple repayment options.
- 3. FINANCIAL LITERACY FOR ALL:** Setting goals, budgeting, saving, spending, borrowing, and using credit - these are just a few types of knowledge, skills, and behaviors people need to manage their resources effectively. It also takes 21st-century skills such as research, analysis, and problem-solving to make good financial decisions.
- 4. STUDENT LOAN GUIDE:** Whether it's an option to lower monthly payments by switching to an income-driven repayment plan or exploring loan consolidation, getting back on track can be difficult and confusing. Review GreenPath's handy guide, "4 Steps to Take With Your Student Loans," to prepare for the start of student debt payments. The article, along with additional resources, is located on our website.

MAKE YOUR FINANCES STORM-READY!

Storm season is here, and it's crucial to ensure your finances are ready in case disaster strikes. We have a few tips to help weatherproof your finances and give you peace of mind!

1. Create a disaster savings account and save for any expenses that may accrue in the wake of a storm.
2. Review your insurance policies to ensure your home, belongings, and property are covered. For homeowners, homeowner and flood policies are recommended.
3. Gather your financial documents and be sure you can access them without power or if they are destroyed. This means having both hard copies and electronic copies of any documents you'll need regarding insurance, disaster assistance, applying for a new job, and more (think birth certificates, Social Security cards, wills, passports, titles, etc.).
